EASTERN LUNATIC ASYLUM.

Annual Report of Superintendent Moncure-Matter for Legislative Action.

Nulliamsburg, Va., October 17.—At the recent meeting of the Eastern Lunatic Asylum Board of Directors, held in the "Executive Building", of the institution, the annual report of the superintendent, Dr. James D. Moneure, was submitted, and after being carefully examined was unanimously adopted, all the suggestions contained therein being heartily endorsed by the directors. Dr. Moucure says:

There remained at the beginning of the year 221 males and 181 females—total, 492; admitted during the year, 70 males and 22 females—total, 92; whole number treated, males 291, females 203—total, 494. There were 31 discharged as cured. During the year there was an average attendance of 411, and during the fiscal year ending September 30, 1891, 505 applications were made for admission of parties adjudged insane to three white asylums of the State. Of this number 121 were received at the Western Asylum, 129 at the Southwestern, and 92 at the Eastern, leaving 163 unprovided for.

At the close of the last fiscal year 200 insane were unable to be accommodated in three asylums. The increase for the year was, therefore, 305. With a sumiar merease in the number of insane the State will have to make previsions for 468. An unusual large number were received in the acclume this fiscal year. Owner to the advance this fiscal year. will leave at the end of the fiscal year 1891-92, 151 insane who shall apply in vain for admission to the asylums. Seventy-five females applied for admission to this asylum. Of this number we were fortunate enough to take 22, a fact due to the unusual number of deaths on the female side, 12 in number, instead of 6 or 7 as usual, owing to the overcrowded condition which has existed in female wards for over six years.

MORE DOOM FOR FEMALES. This fact should appeal strongly to the General Assembly to give, as soon as possible, increased accommodations to our female department, as the female insane for fifty-fwo counties of the State cannot be taken to the nearest asylum, and are only admitted to the others after those naturalaverage in an insane population. Three fires have occurred at this asylum in the last fifteen years, and each time the entire building was destroyed. For nearly eight years I have made every effort in my eight years I have made every effort in my power to afford some protection to the patients and the property from this most dire calamity in an asylum, but have been unable to accomplish anything for want of requisite funds. We have had the premises carefully surveyed, and several plans have been submitted to the Board of Directors by able and careful engi-

THE COST.

The estimated cost of a water-supply system has been largely in excess of the means provided by preceding legislatures for the purpose. No plan has been suggested that will require less than \$18,000, and we have at our disposal for this purpose less than \$10,000. The most feasible and cheapest plan will cost about \$18,000, but will save the saylum an annual expense of \$1,000 now required to pump the water for ordinary purposes from a reservoir about a mile distant and seventy-odd feet below this location. I would urge the Board of Directors to impress upon the Legislature the necessity of protecting the valuable property of the State—worth more than \$150,000—and their duty to place ordinary safeguards to secure the lives of more than five hundred of our citizens peculiarly under the charge and care of the State. The report, which is exhaustive, gives the details of the various departments of the institution, and includes a recommendation to have some of the patients taught mechanical work with a view to make the asylums self-sustaining.

Harrisonder, Va., October 17.—The Republican County Covention met to day and determined by an overwhelming vote to make legislative nominations. Mahone people were largely in the minority and had little or no say in the proceedings. John S. Keer, the present county chairman, who is a warm advocate of General Mahone.
